## 6 Playground Refurbishment and Upgrade – Councillor Delia Burton

### Initial discussion on likely costs and timescales

Quotes have been received from Safe and Sound for works that need immediate attention and proposals for a 4 years plan to upgrade the area. It was agreed to go ahead with the immediate works at a cost of £645 and that the playground did need updating. A budget will be set for the next financial year and further quotes will be obtained. It was felt the primary colours of some of the equipment quoted for were not in keeping with the rural setting and that covering the whole area with equipment may look too much. Decisions will be made once budget has been agreed over the next couple of months

- Rubbish in ditches along Marsh Lane.
- Church Lane – Overhanging branches and parked cars causing issues for the emergency services. TfB informed and branches will be cut back as a matter of urgency.
- There is land opposite the Red House which is believed to be Highway and could be used to widen the road here, however further investigation into the viability of a 20mph zone and a one way system should also be explored. This needs to be done with the involvement of the School and Church.
