## 8 Affordable Housing – Update

The Clerk had asked Hastoe Housing for an update and received the following response.

“There has been progress on the affordable housing scheme though. We now have an option in place to buy the land so that side of the process is secure.

Hastoe was one of the fortunate housing associations to receive an allocation of funding from the HCA and, although it was less than we asked for, it means we will be able to take forward most of our planned developments albeit with a lower level of subsidy.

We had delayed commissioning the reports needed for the planning application until the funding position was known but this is now underway and work is continuing on the application in the hope of submitting it late next month. We will organise a pre-application meeting with the planners before the submission is made to ensure we are on the right track and I will let you know how this goes”

## 9 Planting 60 Trees to mark The Queens Diamond Jubilee in 2012 – Councillor David Williams

### • Kimble Stewart Hall – Councillor David Williams

The windows were replaced with insulated double glazed units, new curtains and new carpet has been ordered for the hall between the kitchen and ladies toilets. An email had been received from the KSH Committee asking for ideas from the Parish Council as to utilisation of the village hall in the future and consulting the Community on which facilities they would like and use. Community Impact Bucks had given the Parish Council a ‘Toolkit’ but the Parish Council felt that this would be a lot of work, however Councillor Burton will take the ‘Toolkit’ away for the KSH Committee to look through and report back to the Parish Council.
