CORRESPONDENCE:

I'm looking into the possibility of an upgrade to and creation of the footways alongside the a4010 to allow for shared use, cycle paths, to make it easier and a more appealing option to cycle on into Risborough and Aylesbury from Kimble. I am keen advocate for cycling as a means of transport and regularly cycle the a4010 as part of my journeys. It's not a pleasant road to use a bicycle on and the footways are of course illegal to cycle on (although I confess to using them sometimes for my own safety). If we are to promote active travel as the government tells us to do then perhaps there is a pot of money and some political will higher up to allow for this to be looked at.
