5. Planning Applications and appeals

To review and confirm the responses made to Wycombe District Council by the planning committee. (Updated list sent prior to meeting)

10/06921/FUL – Review the S106 agreement on this application – this had been brought into the fore following the Neighbourhood plan. Bill Brown clarified the situation and the land is held in perpetuity, some for use by the School and some Community land for use by the wider community, however there are many restrictions imposed about how the Land can be used, Bill is happy to be approached by members of the community if they wish to use the land

6. Kimble Stewart Hall - Report from Committee members (Cllrs Burton and Redding)

The minutes were noted and also that the AGM will be held on 4th September at 7pm, all welcome

7. Kimble Stewart Hall – Car Park Resurfacing - to discuss assistance with funding

The next major project for the hall is to tidy the frontage of the hall, the car park entrance has large potholes in, quotes have been obtained at the cost is circa £8K. The Councillors were minded to fund this from next years budget but a meeting with our Local Area Technician to establish boundaries would be useful. The Clerk will follow up.

8. To agree cost of Zip Wire Service

This was unanimously agreed. The clerk will progress.

9. To ratify our response to Consultation on the Princes Risborough Expansion Supplementary Planning Document (SPD)

The following response was unanimously agreed

“Our comments relate to how the plan effects the Parish in terms of traffic generation, noise and disturbance and character of the area.

The Plan which as the name Expansion suggests will generate significant extra traffic in and around Princes Risborough and the surrounding villages including Great & Little Kimble which lie on two of the access routes A4010 & B4009. With this traffic will come additional noise disturbance. The plan whilst focused on the town of PR its impact on the adjacent villages and all access routes must be fully considered by WDC and BCC during the approval process.

The Plan’s inclusion of a Relief Road which if approved will re-route the main A4010 through the rural heart of Great and Little Kimble significantly impacting on the character of the area. The housing along the present B4009 is much closer to the roadside than that on the A4010, also there is a much greater pedestrian footfall on the B4009 route than the A4010 with two of the main community areas: The Swan PH and Children’s Play Area being access by crossing pedestrians.

A further contributing factor is that the intent of the relief road is to increase traffic flow which will attract an increase in through traffic, from High Wycombe and the M40/A404 to points north including cutting through to the M1. This would be further exaggerated when the B4009 is upgraded to deal with impact of 40 tonne vehicles in accordance with current regulations for an A-Road.

Therefore, a re-routing of the A4010 is not supported.

If, however it does get considered we would wish this PC to be consulted during the planning, especially in measures of safety, speed control, pedestrian crossing etc.

We offer the following mitigations for consideration if the relief road is instigated:

- *A highway solution balancing traffic movements on the two roads (present A4010/B4009)*
- *Reduced speed limit through Great Kimble and Little Kimble*
- *HGV restrictions (except for access) on Marsh Road/Kimblewick Road/Bridge St/Church Lane*
- *Improved pedestrian crossing facilities to the PH and Children’s play Area and also at the top of Bridge Street across the present A4010 once that does not become the primary route.*
- *Greater clarity on improved bus services – will they move to the B4009?*
- *Greater clarity on Grove Lane bridge re-alignment and timing for improvements as extra traffic will increase pedestrian risk with existing conditions.”*

10. To discuss Parish Logo Competition Entries

We have received only one entry and it was felt that we need to try and encourage more entries as this will be a lasting logo so has to be right. Cllr Williams will progress this with the Clerk.,

11. Section 106 Monies – Cllr Alun Jones

Deferred to a later meeting

12. Village Entry Gates – renewal – Cllr Alun Jones

Deferred to later meeting

13. Neighbourhood Plan

- To note minutes and receive progress report from the Working Group
These were noted.
- To approve recommendations from the Kimble NP Working Group.
No recommendations to approve.
